

SnowWhite

Powdwer tested

2016-01-31

POWDERS REPORT

As we informed we don't supply powders for the moment.

We are developping ours powders but we think they will be ready during 2016.
We will provide you time to time information.

In any case our SnowWhite is open, so you can use powder you find on market.

We have tested some commercial powders with good results:

Advanc3d

PA12

PA11

TPU (for elastic object)

3DSystems Duraform Pro X

Eos pa 2200
allumide
